New balance pressure (bypass) valve Linea Micra

February 27th, 2026

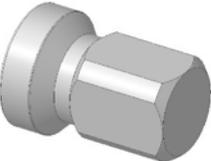

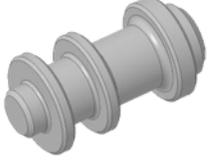

Dear Friends,

The balance pressure (bypass) component of pump E.3.031.01 installed on the LINEA MICRA has been updated. The material has been changed from stainless steel to PPS.

As a result of this modification, the pump code has been updated from E.3.031.01 to E.3.031.02.

Internal parts:

	Bypass parts in stainless steel	Bypass parts in PPS
bypass valve		
bypass plunger		

Linea Micra with serial numbers below are updated:

- From **MR040528** to **MR040530**;
- From **MR040643** to **MR040652**;
- From **MR040701** onwards;

Spare parts:

New catalog code for the updated pump is **E.3.031.02**
