panther coffee

november 2, 2016 — december 5, 2016

Panther Coffee is a Miami-based specialty coffee company: roaster, retailer and wholesaler. Founded in 2010, our mission is to source, roast and prepare the finest coffees in the world, creating a transaction that is mutually beneficial for all participants.

This opportunity represents a homecoming of sorts for us to the Pacific Northwest. We relocated to Miami from Portland, Oregon to open Panther Coffee in 2010. Having built a small but growing and locally appreciated coffee company in an area not previously known for specialty coffee consumption, we are excited to come make some coffee in Seattle.

The La Marzocco Cafe and Showroom is the place to experience the fine art of espresso. We are a neighborhood cafe that serves as a stage for the world's best coffee brands and baristas, the La Marzocco Home Espresso Lab, and an event space for the coffee community. Brought to you by the makers of fine espresso machines handcrafted in Florence, Italy since 1927.
