

MODBAR TECHNICAL BULLETIN #48

Longer group head screws (M5x20)

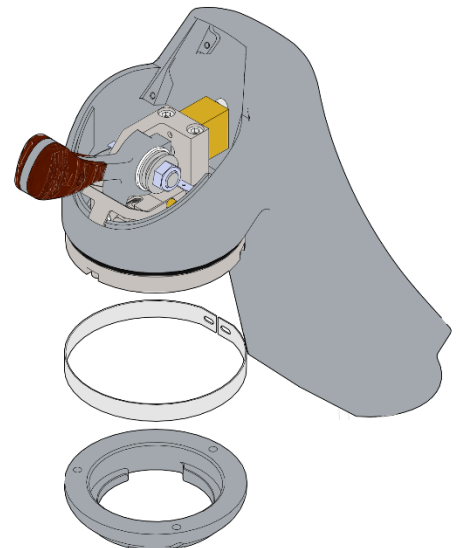

Dear Modbar family member,

We are pleased to inform you that we are now installing longer tap head screws on the bayonet ring for Modbar AV. This replaces the previous screw, providing a 4mm increase in length to enhance installation and connection security.

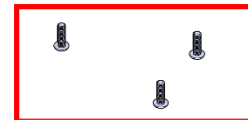

This change is incorporated into:

Modbar AV Mod + 1 Tap, beginning with serial number **MB008645**

Modbar AV Tap Only, beginning with serial number **ET004419**

New part number: **I.1.244** SCREW M5X20 PHILLIPS ROUND-PAN S/S A2

Do not hesitate to contact our solutions team with any questions you may have about this technical bulletin.
